

MARIGOLD

MY STYLE. MY STORE.

Guide to Cleaning Out Your Closet!

Follow these tips to overhaul your wardrobe:

- 1. Reorganize your clothes by seasons** (Fall/Winter & Spring/Summer). Focus on current seasons only.
- 2. Put items that need mending or minor alterations into a FIX pile.** Set aside for another day.
- 3. Identify items you're keeping for SENTIMENTAL reasons,** i.e. they're associated with a memory/gift, or you imagine some purpose for them in the future. Also best to leave for another day.
- 4. Create piles for: KEEP, CONSIGN, DONATE or TOSS.**
How do you decide between Consign, Donate or Toss?
 - **Try Consignment** if it's from a fashionable label or a timeless/current style.
 - **Donate** most everything else.
 - **Toss** if it's so damaged, faded & worn beyond repair.
- 5. Try on each piece to see IF they fit and HOW they fit.**
 - If an item no longer fits, put in one of the CONSIGN, DONATE or TOSS piles
- 6. Estimate the last time you wore a questionable item.**
 - If it's been more than 12 months, put in one of the CONSIGN, DONATE or TOSS piles
 - Start using the flipped hanger method - after you wear something, hang it back up in the opposite direction on the rack. Next time you go through your closet, you'll know what hasn't been worn.
- 7. Decide if you would buy this item again today if you saw it in a store.**
 - If not, put in one of the CONSIGN, DONATE or TOSS piles
- 8. Place what's left into your KEEP pile and sort it by group, hanging as much as you can:**
 - Cardigans/Light Jackets/Vests, Tops, Tunics, Dresses, Skirts, Pants, etc.
 - Sort each hung group by length and color.
 - Fold t-shirts, casual pants, leggings, workout clothes, etc.
 - Fold sweaters with larger weaves to prevent stretching.
- 9. Congratulations, you should have a more streamlined closet!**

If you still need help creating outfits & styling them, bring in up to 10 items (or less) to Marigold for a FREE Closet Makeover!
